Your Donations Create A Better Future

Our elves are already hard at work gathering Christmas wishes from the children in our food kit program!

These children live under the heavy weight of poverty and many of their wishes can't be granted easily. We work on these wishes all year long.

But these children are like children all over the world and they shared their childhood Christmas wishes as well.

To grant wishes from outside of Ecuador or if shopping is difficult for you, your monetary donations can bridge the gap.

The opportunity to be an angel will close on November 15th so our elves will have plenty of time to sort, wrap, and distribute the gifts.

You gave \$3,184 for school supplies And Your Donations Will Create A Better Future!

As the impacts of COVID-19 lessen, the schools in Cuenca, Ecuador, are reopening. The many school-aged children in our food kit program are eager to return after 18 months at home.

However, their families are particularly vulnerable to economic changes like those brought on by the pandemic. Most of these families earn only a few dollars a day, which makes buying the supplies needed for their children to attend school too costly.

Your gifts changed that.

The *Cuenca Soup Kitchen*, in partnership with *Hearts of Gold*, has negotiated discounted prices for school supplies so that more children can benefit.

Your donations will help to provide these children the basic tools they need to continue their education.

Thank you for creating a better future by supporting education.
