Paul and Pam Kaperick.

Cuenca Soup Kitchen Food Kits Are Going Green!

The Cuenca Soup Kitchen provides food, clothing, and support towards self sufficiency, as well as other essentials to over 700 people.

CSK is exploring environmentally friendly initiatives to reduce the amount of disposable plastic we use.

Thanks to the generous donations by CSK volunteers Gary and Barbara Curry along with Paul and Pam Kaperick we have purchased and implemented the use of reusable bags for our food program.

Our work towards more eco-friendly answers to every day problems began this summer when we partnered with Gelwear (an Ecuadorian company) in our switch from disposable to reusable/biodegradable diapers.

With the addition of reusable kit bags we will continue to work towards a greener future.

To join our going green initiative, visit:

Children Need Shoes, Clothes, Books

Only 11 Christmas Shopping Days Left

4 toy cars
3 Barbie dolls
2 soccer balls
and a
warm soft pink blankie

These are a few of the remaining wishes on our Angel Tree. Our goal is to give each child something special that they really want: clothes, shoes, a soft toy to sleep with, a bed to sleep in.

We will be giving a special Christmas food basket to each family but

we need your help with the gifts. Please visit our Angel Tree at:

cuencasoupkitchen.org/event

You can purchase and deliver one of the listed gifts **OR** choose to make a financial donation and we will purchase the gift for you - this is the best option to grant wishes from outside of Ecuador.

Questions? Email Barbara, at bcurry150@gmail.com with "Angel Tree" in the subject line.

we believe -

**the best way to make children good
is to make them happy**

Oscar Wilde

Make children happy with us

You are the first step in their success stories

*we believe -
the best way to make children good is to
make them happy*
